We believe that Umami is crucial essense for Japanese Ramen.

We slowly simmer the high-quality vegetables such as donko and carrots to extract its rich flavors and lock in Umami to amp up the flavor with a dashi bomb. We do not use any meat or seafood in our broth, making our stock 100% plant-based. However, customers still get the rich, thick flavor that meat-based stocks exert.

RAKKAN's Umami Broth

A Global Vision of Wellness Through Ramen

To transform the global ramen experience by championing plant-based innovation, fostering a culture of wellness, and making delicious, nutritious ramen accessible to everyone. We aspire to lead the way in redefining comfort food, ensuring that every bowl we serve promotes a healthier lifestyle and brings joy to our diverse and vibrant communities worldwide.

A Healthier Ramen Revolution

At RAKKAN Ramen, we craft innovative authentic Japanese ramen—100% plant-based broths that delight the palate and nurture the body. We bring a healthier, flavorful ramen experience to those who value both taste and wellness, serving communities across the globe. Our mission is to offer a satisfying bowl of ramen that leaves you energized and content, providing a delicious alternative that doesn't compromise on health or taste.

From Tokyo to the World

It all started in 2011, when founder Ryohei Ito opened a small, four-seater ramen shop in Nishiazabu, Tokyo serving delicious, hot Japanese ramen. Ito sees the importance of healthy and sustainable eating, particularly with how sustainable Japanese cuisine can be. After expanding several units in Japan, Ito set his eyes globally to share authentic Japanese cuisine with a twist to the world. In 2017, RAKKAN Ramen expanded globally with our first global location in Los Angeles, California. We have since expanded to more than seven states, with more locations coming in the United States.
